GEO. T. FARRIS.
State Senator.

MIDDLEBURG.

The sick are convalescing. No serious cases in vicinity.

Capt. Haines was in the burg Friday, shaking hands with the boys and reminding them of the fact that he wanted to be judge.

Farmers are gathering their corn, which is generally of a very light yield and poor quality. There is much complaint about corn rotting. Pasture is getting very low on account of lack of rain.

Mr. and Mrs. Wm. Miller have been visiting relatives below Liberty. Miss Lillie Miller, lately returned from Kansas, is visiting friends at Mt. Salem this week.

Rice Wilson tells us that he measured the huge pumpkin, of which we wrote a couple of issues ago, and that it measured five feet six inches around from bloom to stem end and five feet five inches in circumference. Thus the one fruit will suffice in supplying the family with pumpkin pie during the winter.

G. R. Jeter has one of the most strangely formed gourds on exhibition in his show case that we have yet seen. It was raised by "Uncle" Brice Edwards, who has a number of others equally as odd-shaped. The gourd, while of the average size, has a handle about 30 inches in length and is crooked in the shape of a huge letter "S". Clarence Brown reports a double yield of Irish potatoes this year, which is surprising in the extreme when other farmers will hardly make their "seed" back for next year. Mr. H's second crop grew from where the bloom fell and is the first instance we have ever heard of.

Mr. Samuel W. Sharp, aged 23, son of Mr. William Sharp, and who has been living in Indiana the past year, was married at New Augusta, Ind., Thursday to Miss Mollie H. Stager, a beautiful flower girl of 18. The newly married couple arrived Friday and went at once to the home of the groom where a grand supper was given, being attended by some 50 of the elite friends of the groom. Miss Helen, the popular postmaster of Vossboro and a sister to the bridegroom, was waiter at the beautiful table which was set Friday evening.

Mr. E. S. Wells, an old veteran, who fought for the cause of the Union throughout the war of secession, showed the writer a couple of war mementoes, which he prizes so highly and fondly that even gold could not purchase. One was an old-time silver case watch, Liverpool make, that had saved his life on the bloody fields of Chickamauga on that memorable 20th day of September of '63. Mr. Wells had refused to sell his watch on Sunday for a good price, his wife reason for not selling it being the Sabbath. A couple of months later a rebel ball struck his time piece, battering it out of shape, but being the means of saving his life. Another relic was an ounce Enfield ball that went through his left arm near the wrist, breaking it, going on and striking a tooth brush and a closed pocket comb and through a cotton handkerchief 16 times and barely grazing the skin just over the heart and dropped to his feet and was picked up. The handkerchief, which looked more like a dilapidated sieve than a toilet article, was hastily made into a bandage. The end of the ball was flattened after penetrating the wrist bone. The same man that battered Mr. Wells for a watch trade on Sunday was killed near the same hour in which the time piece saved the life of Mr. Wells, who thinks it was an act of Providence that he was saved. He is a veteran of the 10th Kentucky Infantry, U. S. A., Thomas' corps, which was commanded by Col. John M. Harlan, now a member of the U. S. supreme court.

JUMPED ON A TEN PENNY NAIL.

The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one third the time required by the usual treatment. For sale by Craig & Hocker, druggists.

IN NEIGHBORING COUNTIES.

Hal K. Honta, aged 26, is dead at Harrodsburg.

The Laurel fiscal court fixed the tax rate at 10c on the \$100 and the per capita at 50c.

Walter Moore was shot and seriously wounded by an unknown person in Laurel county.

Sam Slattery, of Mercer, died from smoking cigarettes. He often smoked as many as 50 a day.

George Gray was given 10 years in the penitentiary for shooting and robbing Paymaster Colgan near Middletown.

In the list of army appointments is the name of Charles H. Morrow, of Somerset, who gets a commission as 2d lieutenant of Infantry.

While attempting to board a moving train at Middleboro Ralph Hill fell beneath the wheels and had his right leg cut off at the knee.

W. J. Goodwin, formerly of Somerset, has bought John Day's interest in the wholesale grocery firm of Bryan, Day & Hunt, of Lexington.

A sturgeon was caught at Yellow Rock, 10 miles below Heatsville, one day last week which measured 5 feet in length and weighed 85 pounds.

Thomas Taylor confessed to forging a check on the First National bank of Somerset and was given a two-year sentence by the Pulaski court.

W. J. Grider, democratic nominee for representative from Wayne and Clinton, was accidentally shot in the thigh by George McKinley at Albany.

Mitchell & Saltee have sold their stock of groceries and hardware at Harrodsburg to Morgan & Ingram. Mr. Saltee is a brother-in-law of Sheriff S. M. Owens.

Tom Cravens, a well-known newspaper man died at Columbia Sunday. He was at one time editor of the Columbia Spectator and for a number of years edited a paper at Harrodsburg.

Sterling Robinson was awarded \$5,000 damages against the Q. & C. railway at Harrodsburg. He was an engineer on the road and lost an eye by the breaking of the lubricator glass on his engine.

HARVEY HELM.
County Attorney.

The Southern Railway has compromised with the administrator of J. Owsley Evans by paying him \$5,000. Mr. Evans was killed by one of company's trains while crossing his track in Woodford county.

Capt. R. M. Jackson, of London, has been appointed by Judge Cochran as jury commissioner of the Federal court which begins there on the 1st Monday of this month. The jury selected consists of 32 men, selected from 13 counties.

Christopher Jackson and Bud Curry were placed in jail at London on the charge of house breaking. For a month past business houses and residences have been robbed almost every night. They proved to be the robbers, as a straw stack near which they were found, was filled with the stolen articles.

Mr. John Welsiger has purchased from Central University Seminary the old Presbyterian Seminary building located in Danville for \$4,500. By this purchase Mr. Welsiger comes into possession of two of the most famous buildings in Kentucky, having purchased a few days ago the McJowell residence. The "Old Seminary" building was the capital of the District of Kentucky before Kentucky became a State in 1791. In this building was also held the first constitutional convention in 1785, as well as a number of notable conventions for the purpose of considering the propriety and expediency of seeking separation from Virginia. So far as known it is the oldest building in Danville.

CHURCH MATTERS.

Rev. J. E. Woolford has accepted the call of the Baptist church at Lancaster. Thirty one New York preachers denounced Tammany from their pulpits Sunday.

Elder J. G. Livingston closed a week's meeting at Hrothead, which resulted in 23 additions.

Elder W. S. Houchins, who was a missionary to Austria, has accepted the call of the Christian church at Burgin.

Rev. R. E. Mose closed a great meeting at Kirksville during which there were 82 additions to the church, 53 by confession and baptism—Register.

The 22nd street Baptist church of Louisville, now has 1,414 members, of whom 144 were received this year. The Sunday school is the largest in that city.

Of the 119 Northern Methodist Conference, 103 have voted on the new constitution, which among other things makes women eligible as delegates to the general conference.

The ladies of the Kirksville Christian church gave a court day dinner in the old Garnett House Monday, netting \$85, and they carried home of the fragments 12 baskets full—Richmond Register.

A dramatic scene was enacted in Holy Name Cathedral, in Chicago, Sunday, when Father Crowley, the excommunicated priest, refused to quit the church when ordered to do so. Mass was instantly suspended at the "Gloria," the priests laid aside their vestments and quit the sanctuary and the altar lights were extinguished.

The Christian Women's Board of Missions report that Kentucky women gave during the year \$17,261.75. No other State, save Ohio, gave that much. Ohio women's offerings were \$18,692.48. The total from all the States was \$148,602.67. Kentucky girls and boys also had the post of honor in the young people's department. The bands ranked as follows: Paris second, \$139.45; Danville third, \$146.22; Richmond fourth, \$145.25.

The committee of the Northern and Southern Presbyterian Synods of Kentucky appointed to consider the higher education of women, met in Lexington last Friday and agreed to co-operate in establishing a female university. They have invited all communities willing to secure for themselves the manifold advantages of such an institution to submit bids for the location of the same. Bids will be received until next September, and the location will be finally settled at the meeting of the Synods in October. Stanford should make a bid.

The Christian church here, as an expression of appreciation of the untiring and efficient efforts of their minister, Rev. Joe W. Hagin, and their loyalty and devotion to him, has extended to him a unanimous call, with a very material increase of salary for next year. Recently Mr. Hagin was invited to preach for the North Side Christian church of Chicago, with the probability of being extended a call from that congregation, but because of his devotion to the church here and his love for the good people of Stanford and Lincoln county, he gently declined the invitation and accepted the call from this church. Mr. Hagin is a most excellent young man, a fine preacher and deserved the high token of appreciation of this church.

M. F. NORTH.
Representative.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined by the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Beecher's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at Penny's Drug Store. Get Green's Special Almanac.

JAS. P. BAILEY.
County Judge.

Hustonville.

John J. Allen has rented of Judge W. M. Myers the place recently purchased from J. W. Allen.

Lutes & Co bought in Casey 40 500 to 700 pound cattle at 3 to 3 3/4; 150 sheep and lambs at 2 40; 200 250-pound hogs at 5c and a fine cow from Pipes Bros. for \$30.

George B. Cooper has been here for several days presenting his claims. J. C. Reid took Mr. S. R. Caldwell, Jr., of Paducah, to Crab Orchard, Saturday, to see the place.

Miss Anna Reid and Carroll Reid Allen will leave this week for Louisville. Misses Mary Adams and Nancye Reid, of Danville, are visiting Miss Jeanie McKinley.

A. B. C. Dinwiddle has accepted a position with Van Deren Hardware Co., of Lexington, and Claude Pruitt will take charge of the store while George takes a much needed rest.

Lovers of the gun and dog are anxiously awaiting the coming of the 15th and already Ed Stagg and A. Jerry Adams have made arrangements to open the season with "Bob White" at Plum Point.

A large crowd attended the sale of J. W. Allen. 16 yearling cattle brought \$21.25, 8 750-pound steers \$19.50, cows \$16 to \$25, heifers \$10 to \$15, calves \$6 to \$10, shoats 150-pound, 4c, baled hay 50 to 65c, 1 pair fine mare mules \$250, one harness horse \$110, household and kitchen furniture sold cheap.

Rev. W. W. Bruce, who has been assisting Rev. Glass, of Somerset, in a protracted meeting in Pulaski, informs us that he was relieved of his fine watch, money, etc. However, the thief or thieves were generous enough to leave his coat, vest, trousers and empty pocketbook at corner of the house where he was stopping.

Pelix H. Twidwell, who has been on a riding trip in Tennessee, returned Saturday to "look after his interests." We are puzzled, however, to know as to them—his race for police judge without opposition or the fair sex? Among whom and one more especially he is exceedingly popular, and to this latter respect he has Doc Drye distanced and as a reason "Mayor" Goode gives, Doc wears his hair too long and parted in the middle.

At a meeting of the stockholders of The Beaver Creek Oil & Gas Co. held here Saturday Gen. D. Weatherford was elected president; W. M. Myers, vice president, and Dr. J. C. Barker, secretary and treasurer. Col. W. G. Welch, of Stanford, is a director. This company is incorporated with a capital stock of \$3,000 and has been drilling in Wayne county for two weeks. The latest reports from there give them reason to be highly pleased with their prospects.

The following sad story was published in Sunday's Cincinnati Enquirer: At Fifth and Walnut streets a young girl poorly clad and whose face showed unmistakable signs of sickness, approached Officer Neely and asked for assistance. He took her to Central Police Station, where she told a pitiful story. She gave her name as Nannie Johnson, and said that she at one time resided in Danville. Her father and mother died, and she was thrown on her own resources. At Danville she claims to have met Mary Hayes, of Linwood. The latter suggested to her that she come and live with her, and that she would be clothed and fed. Nannie, happy in the thought that the change meant a betterment in her condition, agreed to do so, and came here with Mrs. Hayes. She alleges that she recently fell sick, and asked for medical treatment, but Mrs. Hayes refused to send for a doctor, and turned her out on the street.

A LIBERAL OFFER.

The undersigned will give a free sample of Chamberlain's Stomach and Liver Tablets to anyone wanting a reliable remedy for disorders of the stomach, biliousness or constipation. This is a new remedy and a good one. Craig & Hocker, druggists.

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

DEMOCRATS!

Win Every Thing In Sight By Decisive Majorities.

A Few Paragraphs About Yesterday's Victory.

This is democratic year. Senator Farris' majority is about 300.

Isaac Herrin carried Crab Orchard 133.

"Praise God from whom all blessings flow."

Some log cabin cuts for sale, cheap. This office.

Bud Reynolds carried his home precinct by 123.

Louisville's democratic majority is nearly 10,000.

Boyle gave democratic majorities of from 250 to 400.

Sheriff Owens' work at Turnersville should not be forgotten.

Wm. Lair beat D. J. Newburn seven for marshal of Hustonville.

The new town clerk put out yesterday was defeated by about 30.

Two flags and a telephone for sale. Apply at republican headquarters.

Jesse Lynn came up from Danville and helped the boys pull through.

There was a little dance in town last night and some very old feet were shaken.

Hon. John Sam Owsley, Jr., is an A 1 campaign chairman. Three cheers for him.

The momentous question is, what's going to be done with republican headquarters?

Garrard's democratic majority is 50 to 200. Senator Farris carried the county 149.

The best set of county officers of any county in the State. Haven't we a right to crow?

Mercer's democratic majority is from 150 in the representative's race to 400 in the sheriff's.

"From 100 to 10,000 majority" is the way Clerk Cooper gave the news to the boys at Hustonville.

There's no doubt about who'll be U. S. Senator now—Hon. James B. McCrory is a sure thing.

Mr. Menefee's lesson has been a costly one to him but we hope it will prove a valuable one as well.

Madison did like the rest of the counties in this part of the State—went democratic by a good majority.

Turnersville, where the republicans expected to make a killing, went republican only about a half dozen.

The happiest man in the county, save the writer, is George D. Weatherford, Hustonville's wheel horse.

The republicans don't even get a constant, but when you come to think of it, they don't deserve that much in a county like this.

Lincoln's justices of the peace are James A. Dudderar, W. D. Wallin, F. R. Compton and C. A. Smith. Good men, all of them.

The worn out expression, "the election passed off quietly," expresses very well the condition of things in this county yesterday.

Crab Orchard elected the old board of trustees, but John G. Riddle defeated Joe A. Shannon, the present marshal, for that office.

Editor Albright telephones for Mt. Vernon: "Town went democratic and we elect one magistrate. Stewart, for sheriff, defeated by 482."

Hustonville No. 1 is entitled to the blue ribbon. She gave a democratic majority of 130. No. 2 came up with one of 10, which isn't bad.

Hurrah for Crab Orchard! W. E. Perkins, O. J. Newland, J. J. Brooks, Will and Joe Brooks and the rest of them did magnificent work.

Messrs. R. C. Warren and S. J. Embry said all along that the democrats would carry Lincoln county by 200. Pretty good prophesies.

At Mt. Vernon yesterday Will Hysinger shot Millard Bethurum in the leg inflicting a frightful wound, which will cause the loss of the limb.

James H. Baughman is not only a good miller, but makes a hand-and-a-half at politics. His father, Mr. S. H. Baughman, knows his business in that line also.

Rockcastle went republican, of course, and H. L. Tate beat A. W. Stewart, democratic nominee for sheriff, several hundred. The latter made a good race, however.

Hate off to Senator Farris, Representative North, Judge Bailey, Sheriff Baughman, Clerk Cooper, Attorney Helm, Assessor Reynolds, Superintendent Singleton, Jailer Herrin.

Somerset elected T. B. Griffin, democrat, for mayor by over 300. Editor Campbell telephoned us that the democrats swept everything in town. Our ex-countyman, Hon. Ezra Goetz, was elected magistrate by a decisive majority.

Ohio went republican as usual. Lincoln's democratic majority is about 250. Democrats made considerable gains in Massachusetts. Seth Low is elected mayor of New York by nearly 30,000. Major W. Jones, the democratic nominee for judge of Casey, was defeated over 300. Judge W. E. Varnon, acting chairman for the republicans, has the appearance of the man Billy Patterson struck. The democrats will have the Senate by a good majority, while the House will be full of members of that persuasion.

M. S. BAUGHMAN.
Sheriff.

MATRIMONIAL.

Claude Alexander and Miss Jessie Wilson were married in Danville. James Griffin, aged 80, and Miss Sallie Wagner, 69, were married at Lebanon, O. Miss Maggie Sowder and John Ledford were united in matrimony near Preachersville.

J. S. Sewell, of Winchester, and Miss Fannie McKinney, of Richmond, were married last week.

Three couples were married in hedges in the middle of the road near Mayfield the other day.

Miss Nannie Lee and James Lee Proffitt, of Upper Garrard, drove to Lancaster and were made one.

Mrs. James P. Carleton, of Iowa Falls, Ia., aged 29, became a grandmother Sunday and claims to be the youngest grandmother in the world.

Mr. S. N. Davidson, aged 75, and Mrs. Tabitha Gaines, 60, were married at McKinney yesterday. The groom has been married three and the bride two times.

GEO. B. COOPER.
County Clerk.

LAND, STOCK, CROPS, ETC.

FOR SALE—19 1,150-pound cattle and a few fat hogs. J. F. Gover, Turnersville.

There were 1,200 cattle on the Richmond market Monday with prices ranging from 2 to 4c. The horse and mule market was dull.

John D. Harris, of Richmond, has sold his undivided half interest in about 4,000 acres of Rockcastle coal and timber lands to Col. D. M. Chenault.

Lucien Lyne, son of S. C. Lyne, of Fayette, had a narrow escape from serious injuries while riding at Latonia Saturday. The horse he was on fell in the race.

Tom Metcalf has sold a bunch of very fine cattle to J. C. Johnston for 41c; also a bunch to Miller, of Illinois, at 4c. The total number was 61, and the average is estimated at 1,300 pounds.

A big crowd attended court at Harrodsburg Monday, but stock trading was slow. A bunch of good yearlings brought 4c and some heifers sold at 2 1/2 to 3c. There was a demand for mules and some aged ones sold as high as \$105.

Robert Russell bought 240 hogs the past week at 4 1/2 and 5c. Judge J. W. Hughes bought 10 yearling mules from W. D. Nave, of Boyle, at \$87.50. He has since sold them to be delivered next September at \$150 each—Harrodsburg Democrat.

The mayor and members of the city council of Middlesboro were arrested for contempt of the Federal court in failing to levy taxes for the payment of interest on certain bonds.

Positive information has been received to the effect that Miss Stone, the captive missionary, is alive and well.

Admiral Schley accepted an invitation to visit Knoxville.

GOV. DUBBIN has decided to follow in Mount's footsteps and hold on to the assassin fugitives in Indiana, as it was expected he would. In a letter to Gov. Beckham giving his alleged reasons for doing so he goes outside the record to cast aspersions on Kentucky, but utters a mean, cowardly lie on Judge Cantrell, who should force him to retract or stand a suit for damages. In summing up his reasons he calls the case persecution, says Gov. Mount's reasons still obtain, re-enforced by subsequent events; speaks of the "purposes of persecution," says juries are organized for conviction; says the record of previous trials shows that convictions were made upon a mass of self-evident perjury; attacks Judge Cantrell and the trial court in the most vindictive manner, accuses him of exploiting his Senatorial candidacy, and finally tells Gov. Beckham he will honor no requisition from him until there is provided an impartial judge and a non-partisan jury. The letter is written in the meanest and most vicious language and shows that Indiana's perjured executive is in entire sympathy with the assassin crowd to whom he gives shelter and a creature whom to call a man is a base slander.

THIS AND THAT.

The residences of Joseph Sandifer and Robert Mitchell, of Richmond, burned.

Robbers broke a show window at Cincinnati and stole \$20,000 worth of diamonds.

The Consolidated Liquor Air Company has been formed in New York with a capital of \$1,000,000.

Charles Overton, colored, took hold of a live wire at the Ashland steel plant, and was shocked to death.

Rev. Joe H. Hopper, of Perryville, is holding a protracted meeting at the Maxwell Presbyterian church, Lexington.

Louis Farmer, a Clinton county farmer, died in a short time after eating one-half gallon of stock peas and drinking eight glasses of sour milk.

John Owens was shot and killed by a man named Combs at Blue Lick, Madison county. The men were returning from church when the difficulty arose.

Sam Brown and Henry Snowden quarreled over a crap game at Lawrenceburg and in the fight which followed Snowden was fatally cut with a dirk. Brown is in jail.

L. R. Dickinson stood out for the acquittal of George Hanlon, who is charged with killing Policeman Riebert in Louisville, and hung the jury against the convictions of 11 men.

It is stated that an agreement has been practically reached whereby the tangle in the Northwestern railway situation resulting from the corner of Northern Pacific shares last May shall be settled.

Eighteen blast furnaces in the Pittsburgh district and the Mahoning and Shenango valleys will be forced to close on account of a lack of coke. Fifteen thousand men will be thrown out of work.

A syndicate with a capital of \$7,000,000 has been organized in Lexington to build interurban electric railways in Central Kentucky. The company is backed by New York, Chicago and Detroit capitalists.

Rear Admiral Walker, chairman of the Isthmian Canal Commission, has called a meeting of the commissioners for Nov. 12. The commission will report in favor of the construction of the Nicaraguan route at an estimated cost of \$200,000,000.

The control of the Elkon Consolidated Gold Mining Company in Colorado, on the property of which a remarkably rich strike was made recently, has passed into the hands of Eastern capitalists for a consideration based on a valuation of \$6,875,000 for the entire capitalization.

KEEP YOUR TEETH.

It's quite easy to keep them, and to keep them sound and white. But to do so requires a little daily care. Thorough brushing with a good brush and a little dentifrice will prevent decay—a clean tooth will not decay in a hundred years.

Right Tooth Brushes.

A tooth brush is a little thing, but it pays to use a good one and it is well to buy them at the right price. We have a splendid stock of the best sorts of tooth brushes; genuine tooth savers, and we make close prices on them. Also carry a line of the best dentifrices, pastes, powders & liquids.

He who laughs shall grow fat, therefore see "Side Tracked" at the Lancaster Opera House. CIRCUIT COURT began on time Monday, but there was little done save selecting the jury and charging the grand jury. Judge Saulley performed the latter duty at length, calling attention especially to the election laws and the prohibition against selling liquor on that day. GARLAND SINGLETON.
School Superintendent.

GEN. ALGER takes water like a duck. In his so-called "History of the Spanish American War," he took occasion to refer in a most uncomplimentary manner to certain newspaper correspondents, against whom he had a grievance, charging them with running at the first fire and from a self-retreat on board a transport with lying reports of engagements. Robert Harding Davis, believing from his criticism of Alger that he referred to him, demanded an apology or a retraction, with the threat of a libel suit. Whereupon he immediately responded that he did not mean anybody in particular and, especially not Mr. Davis. The general wrote the book for spite and it is dollars to doughnuts that he will get the worst of it before he is through.

The name of B. Leander Guffy, the son of Judge Guffy, of the court of appeals, and the republican nominee for prosecuting attorney of the Frankfort city court, was stricken from the registration lists, as it is claimed he is a resident of Morgantown, Butler county.

Now that Admiral Schley has been vindicated by the testimony in the court of inquiry, as he was by the people before an inquiry was asked for and ordered, it is hardly probable that the navy department will be any more "strenuous" than it was when it was permitting a dirty conspiracy to hatch in the bureau of the department, and when it had no disciplinary restraint for the tongue of slander among officers. There is too much danger that the liars and slanderers will go unwhipped of justice—perhaps rewarded for their mendacity with "soft" assignments.—Cincinnati Enquirer.

No advantage is to be gained by ignoring race prejudice; it is wiser to recognize it and to make our plans conform to it. Race pride, like self-respect, is a valuable characteristic. The race question which we have on hand will require for its proper solution the intelligence and patriotism of all the people, black as well as white. The recent occurrence at the White House will not make that solution easier, but it ought to convince all of the folly of adding to those problems which we must meet another greater and more complicated race problem in the Orient.—W. J. Bryan in the Commoner.
